

Check Speaker Settings (Windows)

This page was moved to kb.wisc.edu/134042
Click in the link above if you are not automatically redirected in 10 seconds.

Quickly check which speaker (*if there is more than one*) is currently enabled for use in Windows.

Step-by-step guide

- Select the **Speaker icon** in the (right side) taskbar.

- Next, select the **arrow** to open a list of audio devices connected to your computer.

- Check that your audio is playing to the audio device you prefer, such as a speaker, headphones, etc.
