Connecting to UW HealthLink for SMPH Students

*NOTE: To check **which realm ?** *(SMPH or UW Health)* your device is enrolled in,

Launch the **Workspace ONE Intelligent Hub** application. The Workspace ONE Intelligent Hub window should show *(in the upper left corner)* either the **UWHealth logo**, or the **SMPH logo**.

For devices enrolled in SMPH Workspace One

1. Confirm that you are connected to the SMPH VPN portal: **smph.vpn.wisc.edu**
   a. See the following instructions: Connecting to SMPH VPN for Students
2. Open an internet browser to to the following website: https://citrix.uwhealth.org
3. Enter your UW Health credentials
   a. Prompt for UW Health Multi-factor Authentication
4. Open the link to Citrix
   *NOTE: If this is the first time you are connecting, you will be required to install the Citrix Client
