## Connecting to UW HealthLink for SMPH Students

This page was moved to kb.wisc.edu/132959
Click in the link above if you are not automatically redirected in 10 seconds.

\*NOTE: To check which realm ? (SMPH or UW Health) your device is enrolled in,

Launch the **Workspace ONE Intelligent Hub** application. The Workspace ONE Intelligent Hub window should show (in the upper left corner) either the **UWHealth logo**, or the **SMPH logo**.

## For devices enrolled in SMPH Workspace One

- Confirm that you are connected to the SMPH VPN portal: smph.vpn.wisc.edu
   See the following instructions: Connecting to SMPH VPN for Students
- 2. Open an internet browser to to the following website: https://citrix.uwhealth.org
- 3. Enter your UW Health credentials
  - a. Prompt for UW Health Multi-factor Authentication
- 4. Open the link to Citrix

\*NOTE: If this is the first time you are connecting, you will be required to install the Citrix Client https://www.citrix.com/downloads/workspace-app/windows/workspace-app-for-windows-latest.html https://www.citrix.com/downloads/workspace-app/mac/workspace-app-for-mac-latest.html
