

Connecting to your Lab Drive on an iPad/iPhone

1. Download Global Protect VPN for your iPad:
<https://kb.wisc.edu/helpdesk/page.php?id=86840>
2. Connect to the VPN: (note, you can use the portal smph.vpn.wisc.edu)
<https://kb.wisc.edu/helpdesk/page.php?id=105967>
3. Open the "Files" app. Usually this is built into iOS. Once in Files, click the "Shared" tab, then click the three dots symbol in the upper corner. Click "Connect to Server"
4. Once you attempt a connection, it will have you "Connect As". Select "Registered User" if it is not already checked.

Name: AD\NetID

Password: Your Net ID password

Note* Substitute your Net ID for where it says NetID above. Make sure to include the AD and backslash.
